~~Part I~~

The first Part

It is much to be to be wish'd, some Method could be thought of, for uniting the whole Body of Dissenters, of every Denomination, by one common Tie, in one common Centre, that in all publick affairs, we might act as one Man and be as wise in our Generation as The Quakers # This would give us Weight in every Affair of Consequence relative to ourselves or The Interest of our Country. In the disunited State we have been long in, we are next to nothing, tho our Numbers are not Small, much larger than The Quakers; and thus it is to be feared we must allways remain insignificant & of no Account, until The State of dissenting Interest is better known than it hath been for sixty Years,

In the Years 1715 & 1716 The Revd. Mr D. Neal took much Pains to procure an Account of our Congregations & Ministers thro' the Kingdom, but as his List was only the Property of an Individual and never continued after his Death, so it was but little known, scarse ever heard of and has never been applied to any Usefull Purposes, by which the Interests of the Body might be effectually served & promoted. and in Fact since that Period, the Situation of Things among the Dissenters is much changed both with Respect to Wealth & Numbers.

In the mutability of all Things here, the Dissenting Interest is perpetually changing and varying, and without a constant Intercourse & Correspondence kept up, we must allways remain estranged to each other, and of Course be unprepared to act upon any sudden Emergency, which may call for The immediate Exertion of our united Efforts; as hath been experienced in a very recent Instance. Had such a Correspondence been established, when The late Application had been made to Parliament for Relief of Dissenting Ministers &c &c much Time & Trouble would have been saved and instead of 600 Names, sent to the Committee heartily concuring with them, in so important a Design, in Six or Seven Months, we should have had a much larger Number, in as many Weeks. The Truth is, The Dissenters had been so long estranged to each other, so totally unacquainted with the general State of The Interest, That when The critical Moment came for uniting as one Man, The Committee were entirely at a Loss, (unless by particular & personal Connections) where to write & to whom

---

illegible

to apply to obtain the general Sence of our Brethereen, in the Country. And from the same Cause the Ministers in the Country, earnest as they were in their Wishes, for obtaining a Bill of so much Consequence to themselves & Successors, for want of some common Bond of Union among themselves and at a Distance from the Capital, know not where to apply or how to act in a Case, which all viewed in the same interresting & important Light.

To remove therefore such great Inconveniencies for the future, and to bring Protestant Dissenters of all Denominations, thro' the Kingdom to a more intimate Acquaintance with each other the following Sketch and out Lines of a Plan for a general Union, is submitted to the Candour Correction & Improvement of better Judgments.

I -- That a perpetual Correspondence be kept up with our Brethereen in every County of England & Wales

II -- That 12 of the protestant Dissenting Ministers in London, unite under the Style & Title of the Corresponding Society; two for Wales & ten for the 40 Counties of England

III -- That each Minister correspond twice a Year with each County allotted to his particular Care

IV -- That such Correspondence be confined to such Matters, as concern the general Interest of the whole Body.

V -- That a general Circular Letter signed by all the twelve Brethereen, be sent once a Year to each County thro' the Kingdom

VI -- That one or two Ministers in each County, be desired to correspond with their Brethereen in London, & transmit from Time to Time such Changes alterations and Occurrences which relate to the external Polity of the Dissenters as such, however distinguished by Denomination or religious Sentiments.

Into whatever Hands this Account may happen to come, The Collector of it cannot forbear expressing his earnest Wish & Hope, That our Brethereen will one Time or other, seriously think of & Strike out a Plan in some good Degree answerable to so important an End. A Number united together for this Purpose is much more capable of being extensively useful this Way than any private Person can be, much more may be done by a Society, than by any private Individual. Beside a Correspondence of this nature, undertaken by a Society, affords an agreable Prospect of the good Effects of it being continued thro' successive Generations, which cannot be when it depends upon the precarious Life of any one man: and what is worthy of Consideration, such a Correspondence becomes not a Casual & accidental Thing, but a proper Business and even a necessary Duty, by those who engage in it; and it is a constant attention to any good Service, that is the proper Way to render it really & extensively Usefull. But what is still of greater Importance, such a Correspondence properly conducted, may thro' the Blessing of the great Head of the Church prove the Means of reviving a Spirit of true Piety & genuine Religion among Ministers & People which has been long languishing & ready to die; for in reality every thing else compar

with this, is too inconsiderable to be worth minding, much more to be worth our shiving & contending about

That the Love both of Ministers and People, may abound yet more & more, in knowlege & in all Judgment That we may discern the Things that differ, approve those Things that are excellent and be sincere & without Offence, till the Day of Christ and be filled with all the Fruits of Righteousness which are by Jesus Christ to the Praise & Glory of God, is the fervent Prayer of one who esteems it a much greater Honour, than any Distinction or Advantage this World can bestow to sustain the Character of a

Protestant Dissenting Minister.

The above is the present State of y^e dissenting Interest in this County as communicated by Mr White of Derby who writes

There are several small Congre: gations & Places droped since the List taken in 1715 and other Places will drop in a few Years by the Decease of some principal Members and were it not that two or three are sometimes supplied, by one Minister and y^e assistance from y^e Fund, they could not be kept up, nor the Ministers supported

There have been for several Years two Ministers at Derby & a Country Place annexed to it which they supply alternately. Mr White goes to Findern & Mr Willding to Duffield

[illegible]

There are some Baptists in this County but no settled Congregation or Meeting House of that Denomination

NB Mr White appears here to be under a mistake in saying there is no settled Congregation of Baptists in Derbyshire Mr Thompson of Boston in Lincolnsh informs me that at Melbourn there is a Society of Baptists belonging to y^e association of which He is a Member which is very considerable in point of Numbers that constantly attend and not less than 150 Members that They have been allways looked upon as Methodists but that now they have no manner of connection with them but observe y^e same discipline & order and are formed upon y^e same Plan w^th y^e other Baptist Churches with whom they are in Connection This Congregational Melbourn & 4 or 5 others in Leicestershire owe their Rise to Mr Whitfield & Mr Wesley's preaching above 30 years ago but they have been formed themselves into regular orderly dissenting congregations for upwards of 25 years a particular Account of them from that Time to y^e present I expect very soon to receive

The Society at Melbourn supplied once a fortnight by Mr W. account is y^e pædobaptist. —

Norham or Noharam is an
Antiburgher Seceder & Mr Vaughs
Congregation at Sunderland is a
Burgher-Seceder. They are not
properly Dissenters tho in England
reckoned such; at least they are not
Dissenters upon y^e^ Principles of religious
Liberty. They are intimately connected
with a Body of Dissenters from y^e^ Church
of Scotland, not for Liberty, but
Because they apprehend y^e^ church of
Scotland hath too much relaxed in her
ecclesiastical Discipline & Tyranny
They were at first called Seceders
but are now distinguished by y^e^ Names
of Burghers & Antiburghers who differ
about y^e^ Lawfullness of Swearing an
Oath imposed by Law on those who are
admitted to the Freedom of some Corporati-
ons in Scotland. The Party who
oppose this Oath are called Antiburghers
Their Brethren who allow their
People to take it are called Burghers

It is difficult under w^h Denomination to rank Walden or Saffron Walden as it is sometimes call'd & markd in y^e Maps. It was originally congregational but y^e present Minister M^r Gwenap a Nephew of D^r Gifford is not only a Baptist Himself but at y^e Expence of many Convulsions has endeavoured to new Model that church so that it is scarce possible at present to know how to range Saffron Walden

[Harmer

Wendon The Minister there preaches one Lords Day at Wendon & y^e next at another Town call'd Claverell or Clave:ring & so alternately - - -

The Essex Congregations have been allways considered as very numerous, but upon strict Examination they will not be found so numerous now as they were in 1715 if M^r Neals List was right-

Hanham is a Branch of y.e Pithy Church at Bristol & constantly supplied every Lords Day afternoon by one of the Ministers of that Place — as is y.e Fish Ponds by one of y.e Ministers of Broad Mead

Kingswood tho in y.e Map of Gloucestershire is in y.e Jurisdiction of Wiltshire

There is a Meeting House at Moreton but of late years it hath been shut up The People finding it more convenient to assemble at Thornbury

Westmancote is by some considered as in Worcestershire it is about half Way between Pershore & Tewksbury. There is a new built Chappel pretty well filled and is a Branch of y.e church at Pershore Served by Mr John Hayden who resides at Tewksbury

The Dissenting Interest in this County has for some Years been on the Decline tho' y^e Baptist Congregations by their Ministers make a much larger Body than y^e other Denominations yet their Congregations in general are but Small

at Middle Park in y^e Parish of Eltham is a Congregation made up of a few Families that is supplied by the Presbyterian Ministers from London during y^e Summer.

Within These two Years there hath been formed at Greenwich a Congregation of Baptists & Pedo Baptists who have seperated themselves from y^e Methodists and united in a distinct Society by themselves. They have hired what is call'd y^e French Chappel and have chosen one M^r Lochear for their Minister & Pastor who was some Time ago a Preacher among y^e Methodists but by all appearance at present that Society is likely one Day to be an Addition to y^e dissenting Interest and as such I have ventured to place it among y^e Number of dissenting Congregations in Kent

In the year 1730 M^rs Elizabeth Drake of Eltham left 30^l per An: to such protestant dissenting Minister as is or shall be duely call'd & chosen Pastor or Minister of y^e Congregation of protestant Dissenters at Woolwich M^r Benj: Stokes enjoyed y^e said 30^l per an: during his Life the Congregation upon his Death which happened about Christmass 1772 entirely sunk & is no more about 16 or 17 Years ago another Congregation was form'd in Woolwich upon y^e Plan of mix'd Communion under y^e pastoral Care of M^r M^cGregor who is in y^e List of approved Ministers in London part of whose Congregation did originally belong to M^r Stokes. M^r M^cGregor is now applying for the said 30^l per an his being y^e only Congregation of protestant Dissenters in Woolwich but whether y^e Trustees will consider them as having any Title to or Claim upon y^e Legacy so left by the Testatrix, Time must shew.

at Liverpool is a Society of Methodists at Bolton a Moravian

N.B an accurate account of the Lancashire Congregations hath been lately taken by some Gentlemen of Manchester & it appears the Interest hath considerably increased in this County

The Society belonging to y^e^ Chappel at Liverpool known by y^e^ name of y^e^ octogan is put down in this List as a dissenting Congregation because they call themselves such tho y^e^ organ & y^e^ Liturgy

They use & in short y^e^ manner in which y^e^ whole Service is conducted is so very different from what was ever known among Dissenters as renders it very difficult by what name to describe them.

If M^r Neals account of y^e dissenting Congregations in this County in y^e year 1715 be exactly accurate it should seem Their Numbers are much y^e same now as they were at That Time (vid Part I) and tho it must be allowed That some of them That were by no means inconsiderable with Respect to Individuals That statedly attended publick Worship 80 years ago gradually declined & dwindled away between ye years 1715. 1745 yet it is certain That since That Period several other Societies have been form^d and There is Reason to think That y^e whole Number of protestant Dissenters in Leicestershire belonging to one or other of the Denominations is now in y^e year 1773 as considerable than at any Time we know of

It may Therefore be proper to begin w^th an Acc^t of some Dissenters who are but little known & who have been generally look upon as Methodists but who are likely to make a considerable Figure among our Churches

Frethby Mr B. Hewson preaches there 3 Lords Day in a Month

at Hinckley one of y^e Congregations at this Time vacant

Kilworth Mr Addingtons Assistant & Harborough usually supplied that Place but at present he has none

at Leicester there are three Baptist Congregations one general one particular & one of y^e methodistical Cast

at Mount Sorrel Mr ab. Broadly preaches every morning one afternoon on 3 at Sheepshead the others at Loughborough.

Within those last 20 Years there has been a gradual Increase of the Dissenting Interest in Hinckley from the Establishment, which is attributed partly to the great Acceptance their two last Ministers met with (Messrs White and Porter) & partly to y^e Ignorance Dulness &c of some of the Clergy of those Parts There was but one Meeting till about 10 years ago w^n some of y^e People dissatisfied w^th Mr Whites Sentiments went off & built a seperate Place & are able to maintain a minister resident among them. the old Meeting however soon recovered this Shock from y^e circumstances before mentioned and both Places are very well filled.

NB Those put down as not in y^e approved List are such eccentrick irregular Preachers & Societies as are in no connection with either of y^e Denominations. Some are a Reproach & disgrace to any religious Profession. many of them from a factious turbulent Spirit have broke off from y^e churches they were in communion with & most of them do little credit to christianity.

Mr Harmers Acct continued

N°10) **Norwich** has four assemblies The new Chapel wch is of y^e^ Presbyterian Denomination has 2 Ministers a Congrega: large Assembly has 2 Ministers & 2 Baptist Congregs with one Minister each distinguished by y appellations of generally particular Baptists of wch the last is pretty considerable the first very low when Mr Neals List was taken it appears there were 5 Congregations this is very true for y^e^ Church of Congrega: Dissenters were at That Time divided into 2 seperate Societies the one meeting in y^e^ Place where Mr Newton Son in law & Successor to Dr Wood is now Minister the other at a Place called y^e^ Granary because used formerly as a Repository for Grain but before that, was part of y^e^ Monastry of Black Fryars This Division was very unhappy arising meerly from two persons being brought to preach as Candidates on y^e^ Death of y^e^ Revd Mr Martin Finch who was one of y^e^ Lincolnshire ejected Ministers who died about y year 1697. Trivial as y Dispute was wch ought to have been terminated by sending both away & choosing a third it was so imbittered by some family Misunderstandings as to end in driving away the Surviving Pastor (Mr John Starkhouse) & y^e^ Majority of y^e^ Hearers to y^e^ Granary all the Trustees of y meeting Place wch is very large and very handsome & was built a little before Mr Finch's Death being on y^e^ other Side of y^e^ Question. The 2 Candidates were Mr Fym Noble then Minister at Beeles whose Name appears in Dr Watts Lyric Poems & who after wards conformd, became a Clergyman and being taken ill suddenly in y^e^ Street expired on y^e^ Steps of St Andrews Holborn London. The other was Mr Smith then Minister of Framlingham in Suffolk: This last was the Person the Trustees adhered to. The event was that after a seperation of several years his Friends came to Terms with y Granary People upon y^e^ Discovery of some Immoralities in Mr Smiths Character, resigning up y^e^ Edifice to them some continuing with y^e^ Place but most uniting themselves to y Presbyterian Congregation. When y^e^ 2 congregational Societies melted into one (adds Mr Harmer) I cannot say wth perfect Precision but from some childish Circumstances I still perfectly well remember it could not be much sooner or much later Than y^e^ year 1718 There were 5 Congregations again about y accession of Geo: II 3 of them Baptists the Congregation of general Baptists Splitting upon y^e^ Trinitarian Controversy but after a few years they reunited.

8) **Lynn** There is an assembly at Lynn Regis but it is very small & by no Means answerable to y^e^ Figure Lynn makes among y^e^ Towns of Norfolk There was formerly a Number of Baptists at Lynn but that Society is now extinct

11) **Oldton** near Irmingland Hall once y^e^ Seat of y^e^ famous Lieutenant General Fleetwood Son in Law of Oliver Cromwell, were a Society of Dissenters Still Subsist But in y^e^ lowest State imaginable This assembly was held in a Small Chapel in y^e^ Hall Mr Coveney who died a few Months ago, & was y^e^ Father of y^e^ Counties was many Years Minister of this Congreg: It was originally only a kind of Chappel of Ease to Guestwick (Those that were Church Members belongd to that Society) which is about 4 miles off. But Mr Coveney being not well pleased at his not being elected Pastor at Guestwick upon a vacancy that happened there about 50 years ago This Irmingland Hall Congregation became a distinct Church erecting a very handsome Place of Worship at Oldton just by Irmingland Hall but rather more distant from Guestwick He was never a very popular Preacher and y^e^ Infirmities of great Age superinduced had that effect that very few continued their attendance wth Constancy The Congregation seemed to be on the Point of Expiring at his Death for Some Time before his Death He preached not at Oldton but in y^e^ old Chapel at Irmingland Hall This was done to accomodate Him He then living in the Hall which Circumstance was occasioned by his marrying one of y^e^ Fleetwood Family in y^e^ earlier Part of his Life Instead then of Irmingland Oldton is in this List.

15) **Yarmouth** The church where Mr Howe is Pastor is y^e^ oldest in This Part of y^e^ Kingdom It is that to which the famous Mr Wm Bridge one of y^e^ Dissenting Brotheren in y^e^ Assembly of Divines was Pastor This Church & y^e^ congreg: Church at Norwich were originally one & both a part of a Church of English Exiles at Rotterdam. Returning into England about the Time of y^e^ Commencement of y^e^ civil Wars part of them Settled at Yarmouth & part at Norwich & the Lords Supper was administred alternately at y^e^ 2 Places. This after a Time was found very troublesome They therefore resolved to fix the Seat of y^e^ Church at one of y^e^ two Places & it was to be decided by Vote. The Inhabitants of each Place supposing they had y^e^ Majority but when they came to vote The Yarmouth Brethren out numbered Those of Norwich In consequence the Seat of y^e^ Church was declared to be at Yarmouth. If the Norwich People thought ill disagreeable

to go every other Time to Yarmouth to y^e^ Lords Supper, it cannot be imagined They were better pleased with this new arrangement They therefore beged leave to form themselves into a Seperate Church which was granted and they became a distinct Church June 10 1644 under y^e^ pastoral Care of M^r^ Timothy Armitage. From these two leading Churches a great Number of other Congregational churches were formed in these 2 Counties: Many of them ony account of those changes in y^e^ Times that afterwards followed were of Short continuance but others remain to this Day Indeed allmost all y^e^ Country Churches in these two Counties are or were Congregational and in their Ordinations applied to y^e^ Church at Yarmouth & the Congregational Church at Norwich and not to y^e^ Ministers or y^e^ New Chapel at Norwich, which continues in a great Measure to this Day. These particulars sais M^r^ Starmer I "have learnt from what I saw & heard from antient People when I was "a Boy in part, but chiefly from a great Number of Papers belonging "to y^e^ congreg: Church at Norwich which I had an opportunity of examing "at Leisure My Father being a Deacon of that Church & having those "Papers in his Custody at the Time of his Death" The Church at Yarmouth after the Recess of y^e^ Norwich People from it, continued in very flourishing Circumstances till Sometime after y^e^ Begining of this Century. M^r^ Bridge preaching in the Interregnum in y^e^ Chancel of y^e^ Church at Yarmouth which is extremely large seperated from y^e^ church by a massive Wall and having no Communication with the Church but by a double Door whose Leaves are as thick & substantial as if it had been an outward Door. M^r^ Brinsley the presbyterian Minister of y^e^ Town preaching in the Church. The Nature of this Edifice was such as prevented the Congrega: tions from disturbing each other in their Worship, & what was more difficult to be effected, they maintained a tolerable good Temper towards each other. The Change of Times after the Restoration by no means overwhelmed this Church and after y^e^ Toleration it made a very dis, tinguished Figure in point of Numbers & Reputation particularly under the Ministry of M^r^ James Hamst a most popular Preacher. after his Death intestine Broils succeeded, & they had a frequent change of Ministers; different sentiments obtaining among y^e^ People both w^th^ Respect to points of Discipline & Points of Doctrine. The Result was, after these Bickerings for several Years a Dividing into 2 Seperate Societies, somewhat more than 40 years ago upon M^r^ Goodwin their Pastors leaving them in order to succeed M^r^ Cosby at Rope Maker's alley Moorfields. The Majority of y^e^ Church receiving by Compromise the Church

Stock, wherewith they built a very handsome new Meeting House choosing Mr Frost for their Pastor. the Minority (with respect to y^e^ church not w^th^ Respect to y^e^ Congregation) continuing in y^e^ old Place chossing Mr Milner their Pastor. These 2 Congregations are now known by y^e^ Names of the Congregational & Presbyterian the last having 2 Ministers & the first one. There is besides in y^e^ Town a Congrega of particular Baptists & another of general Baptists this last has been lately formed out of some Methodists of Mr Wesleys Sentiments. Tho it is uncertain whether there was not an Assembly of that Denomination in Yarmouth formerly.

With Yarmouth some Notice should be taken of

Filby It was once a distinct Congregation & has been for some Time & is still a Chapel of Ease to y^e^ presbyterian Congregation at Yarmouth a Son of the eldest Minister of that Church informs Mr Harmer that there is a Donation of about 20^l^ a year left for y^e^ Support of divine Worship at Filby & that they are only tied to preaching 14 Lords Days in the year. This accordingly is done in y^e^ Summer Time by one of y^e^ Ministers of that Congregation. The Auditory is very small which is not to be wondered at as the performance of Worship is so interrupted and the Minister lives at such a Distance Filby being 4 or 5 Miles from Yarmouth.

16) Ingham is a Baptist Congregation the present Dr Stennetts Uncle was formerly Minister there 5 or 6 of y^e^ People I am told are of y^e^ 7^th^ Day perswasion, this expression implies the generality of them are otherwise minded now, but originally I apprehend it was the Sentiment that generally if not universally obtained among them. It is somewhat particular that in this part of Norfolk there should be three Baptist Congregations very near together & all three of different Denominations

There was formerly a Number of Baptists at Lynn but that Society is now extinct

My very accurate Correspondent the Rev: Mr Harmer has given me the foll: owing Account of this County

1) Bradfield is a Village near North Wal: sham and is the Congregation which has sometimes been mentioned as assembling at North Walsham & Trunch but there is no Congregation of Dissenters in either of those Towns or ever known to have been This assembly is very low and it is much feared will die with Mr Fletcher its present Minister

2) Clayton has sometimes been confound ded w^th & call'd Carlton There are four Places of this Name in Norfolk w^th two of which our Baptist Brethren have Connec: tions. The one is situated near New-Buc kenham which is y^e same w^th great Ellingc: ham being a Branch of that Congrega: tion Mr Sparkhall preaching Sometimes at Ellingham & Sometimes at Carlton Ellingham however is y^e principal Place Carlton near Lodden is properly Clayton not Carlton for so that Congregation is denominated in an authentick Paper relating to an Association between four Churches in Norfolk viz Worstead Clayton Shelfanger & Yarmouth & two in Suffolk. Woolverstone & Wattisham These assemblies carry their Notions very high which it is presumed is y^e Reason why several other P.B. churches are not associated. Mr Trivett of Worstead is the leading Man here

3) Denton near to Harleston where there is an antient Meeting Place & many years ago was a Chapel of Ease to Denton the Denton & Long Stratton Ministers together with a Minister that kept a School in y^e Neighbourhood of Harleston used to preach Three Lords Days out of four & on y^e fourth they attended at Denton to which church those that were Church Members belong'd between 30 & 40 years ago they got a Minister of their own & a little better than 20 years ago They formed themselves into a Church State and made so considerable a Figure as to attract the Eyes of the Neighbouring Assemblies but it was nothing more than a momentary Blaze they soon sunk into a lower State than before & y^e place was shut up many Years Lately a Gentleman of an odd cast of Mind & methodistically inclined has not only opened this meeting again but has built or is building another at Northwell about 2 miles from Har: leston where he has some Methodist Teachers or their near Kindred that officiately proposes to make a considerable Settlement in Mor: main on these two consolidated Places what the Issue may be hereafter (says Mr Harmer) God only knows but at present I cannot but rank them rather among the Methodists than our Assemblies

4) Downham a Congregational of y^e Cambrid: shire Stamp have allways had Ministers of no learned Education & have so little Connection w^th y^e Congregational Churches of Norfolk & Suffolk that Mr Harmer never heard of them till he received my Letter

5) Guestwick after many Tryals & bitternesses began to revive again lately under y^e Ministry of Mr John Godwin but he died this last Autumn It is apprehended as Mr Coveney died soon after that a Coalition will now take Place between Guestwick & Oulton They are however at present distinct Hunworth has allways been its Chapel of Ease

7) Hapton the Place of this assembly was formerly at Long Stratton but has been for several Years at Hapton 3 or 4 Miles from Long Stratton The Reason of this was a Widow Lady one Mrs Gay settled her dwelling House at Hapton on Trustees for a dwelling House for y^e Long Stratton Ministers w^th some Acres of Land for his use & a Farm for his better Support y^e whole amounting to 80 or 100 a year. Her Zeal has answered but little Purpose it being now allmost a Sine-cure very few attending perhaps The fewer on Acc^o of y^e old Age of the Gentleman who was an Object of her particular Favour & who is still living. The Trustees a little more than 20 years ago purchased y^e useless meeting House at New-Buckenham & translated it hither the old Lady dying some little time before that

9) Mattishall Mr Hunt who died some years ago Minister at Saxmundham formerly preached there when he left it after some ineffectual Struggles to keep up y^e Assembly they became Scattered in this State they continued many years Lately a devout Man of the Methodist Complexion went into that part of the Country & endeavoured to do good among the People there by reading Conversing & praying with them. Numbers gathered about him without his ever assuming any thing of y^e ministerial Character, & several appear'd from y^e Reading to become very serious a young Man about 2 years ago became their Minister & after a Year & 1/2 preaching was chose to y^e Pastoral Office & was ordained according to y^e Manner of y^e Congregational Churches. a very sensible Gentleman tho not of large Fortune yet a principal Person among them in point of Circumstances having told them that if they would settle in Church Order upon the Principles of y^e Congregational Churches he would espouse their Interest but if as Methodists he would not be concern'd w^th them

The Interest at Banbury is very considerable

At Chippin Norton there is no Settled Minister. the Baptist Minister at Hook Norton preaches there once a fortnight on y^e^ Lords Day Evening

Oxford no Settled Minister The person who officiates there at present professes Himself a Bap: tist. Some years ago He was ordained by a Greek Bishop after various Changes He was lately baptized most redienlously by a weak Brother in his canonical Robes. He appears to be an unset tled irregular Man & of a dubious Character

Whitney no Minister at present and y^e^ Congregation once two lately united as one but are likely to be broken up soon unless an agreable Minister could be found

Whatlington no Minister, but occasional preaching once in several Weaks the Congregation Small, chiefly Seventh Day Baptists.

at Drayton there was a Meting House & an occasional Congregation about 20 years ago

at this Place there is an anniverlary Meeting of Ministers on y^e^ 2^d^ Tuesday in Sep^r^ which is well attended It was instituted in Commemoration of the ejected Ministers and used to be preachd in y^e^ Week in which S^t^ Bar: tholomew Day was but that being sooner than y^e^ Harvest was in it was altered to the Time abovementioned Some Ministers who have preachd there have kept in View y^e^ original Design of y^e^ Lecture but it is too generally forgotten

Barton is no more it has been sunk & dissipated before y^e^ year 1734

Needham is quite sunk The few that remain there attend a Stowmarket

Ixworth (sais M^r^ Harmer) should hardly have appeared in this List Since there never was a distinct Congregation there but a monthly Lecture preached in a private House attended by some Dissenters of that Town that belongd to Bury Walsham & Watesfield but has been totally given up for 30 years

Combes is now lost

How Wenden came to be joined with Haveril N^o^ 12 is not easy to guess They have now no Connections a principal Gentlemen of that assembly has been consulted on that Subject He does not know They ever had, & the Distance between them is so great that one would hardly think they were ever united

Harleston should not have appeared here, as it is in y^e^ County of Norfolk it continued for many years to be supplied by several. it had a distinct Minister of its own about 20 years ago, but it was a sudden Blaze that soon died away; and y^e^ assembly has been dissipated for years some People of y^e^ Methodistical Strain seem to be meeting together there or in that Neighbourhood

Aye or Eye as it should have been Spelt has not had an Assembly for 40 years. formerly there used to be a Lecture there by Ministers of different Denominations in a private House what few Dissenters have been there of late are Baptists & attend at Shelfangor in Norfolk

Walsham has been dropd ever since 1728 the Bulk of that Congregation united itself to that at Watesfield

Mr Farmer who has been a Minister at Watisfield ever since the Year 1734 to whom I am indebted for y[e] above account writes that the two distinct Congregations and Ministers at Sudbury is not owing to the flourishing State of the Dissenting Interest there, tho it is considerable: but an unlucky Quarrel among y[e] People owing to parliamentary Feuds The Division is of 7 years Standing

Lowstoff is extremely low they were lately in a Sort of dissipated State: but there are now attempts to revive them & y[e] People are begining to gather together again. They have not a Settled Minister among them but are endeavouring to procure one

Wickham Brook is very low its very aged Minister Mr Priest died Decem[r] 1772 there are great Apprehensions his Death may prove fatal to that Assembly

Rendham is y[e] old Swiffling Cong: There is no alteration except the building a new Meeting House which being erected in y[e] Bounds of another Parish gives it a different Denomination

Mildenhall has an Assembly supplied once a Month from Cambridg -shire

East Burgholt in y[e] South Border of Suffolk. a considerable Part of this Congregation in point of Number & still more respectable on account of Wealth dwell at Dedham they found it very inconvenient oftentimes to go to Burgholt especially in Winter Time on account of y[e] Waters being out, they having to Cross the River that divides the two Counties of Suffolk & Essex they therefore propoted to Mr Williams their Minister to erect a Meeting at Dedham & that he should officiate there & at East Burgholt alternately it being reasonable they thought, that y[e] auditors on y[e] Suffolk Side should have the Inconvenience of passing those Waters backwards & forwards with their Essex Brethren. The old Gentleman absolutely refusing to gratify the Dedham People. They built or fitted up a Meeting Place formed themselves into a seperate Society and chose a Minister for themselves and it is to this Day in a prosperous State whilst East Burgholt is ready to expire

The Stated Congregation at Walsham has been dropt ever since 1728 the Bulk of y[e] Congregation united itself to that at Watisfield But they being of two different Denominations viz Presb: & Indep[t] a Lecture once a Month begun at Walsham soon after y[e] Death of their Minister in 1728 which continues to be preached there to this Day, by the Bury Minister of y[e] Presbyterian Denomination

Twenty years ago there was a baptist Congregation at Croyden but upon y^e Death of M^r Amos Ariston it came to nothing and y^e Pædobaptist is allmost reduced to y^e same State it being very dubious whether it can be kept up so that y^e dissenting Inte:rest in that Town may be look'd upon as sunk & lost

Rygate is in much y^e same Situa:tion as Croyden

at Guildford y^e Pædobaptist Cong: is reduced very low. the Baptist moderate. much as they have been for some years about 4 Miles from Guildfor is where there is occasional preaching & where y^e People of Guildford go have the Ordinance of Baptism administer'd

The Interest at Guildford was once very considerable including not only the Dissenters of that Place but those also of Godalmin 5 Miles off But about 30 years ago y^e Dissenters of Godalmin broke off & built themselves a Meting in their own Town & had a Minister to themselves They are now in a better Situation than Guildford having a church & y^e Ordinances regularly admi:nistred among them Farnham also had formerly a Minister to itself but about 12 Years ago being vacant & Godalmin the same they united to be supplied alter:nately by the present Minister (M^r King) who not long after undertook to preach once a fortnight on a Lords Day at Guildford w^ch must otherwise have been shut up. The Declension of y^e Interest at Guildford is much owing to Dissenters joining y^e Corporation & so gradually falling into y^e Church

In point of Numbers it is supposed our Interest is decreased more than half within these 60 years in this County. a Gentleman once made y^e Observation that in Surry & Sussex the Farmers in particular have deserted us more than in any other County. Some of our Congregations are in a tottering Situation & will probably break up when their present Ministers leave them.

In 1715 there was a considerable Baptist Congregation at Richmond but there are now no Traces of it remaining or indeed of any other Dissenters whatever

There was formerly a pædobaptist Congr: at Mortlock which broke up about 20 years ago Some of y^e Inhabitants of those Parts attend at Brentford Meting about a Year ago there was some talk of opening a Lecture at Mortlock on a Lords Day Evening but y^e attempt has not yet been made

about 20 or 30 years ago there was a pædobaptist Congregation at Rygate and a Minister resided among them they have now only a Lecture once a fortnight on a Week Day. supplied by a Minister in that Neighbourhood

Mr Johnston of Lewes writes that the Dissenting Interest in this County is in a declining State. The Congregs are generally small, and it too often happens that when a Minister dies or removes, The People either through want of Ability or want of Heart, suffer y^e^ Interest to be lost among them. This has been y^e^ Case of several Congregations since Mr J. has been at Lewes as at Midhurst Horsham [ie as to y^e^ pædobaptists] Turners Hill or East Grimstead Rye Pounceley & Mayfield in which last Place Mr Mann of Burwash preaches once in 3 Weeks

The Baptists are in a more flourishing Condition. their Preachers are generally Laymen & engaged in Secular Employments, receive but Little from their People & support themselves & Families by their Trades, & some who belong to y^e^ other Denomination when their Meetings are broke up attend at those Baptist Congregs. w^ch^ are nearest them

Each of y^e^ above of y^e^ Baptist Denomination have Meeting Houses except Weevelsfield Turners Hill & West Hoathly, in w^ch^ Places the People meet in private Houses duely licensed. They are all of y^e^ remonstrant Persuasion Rye, Weevelsfield & Hoathly excepted.

In the year 1715 There were four Congregations of Dissenters in this County of which Crook was one wch has been sunk for some years. Its Vicinity to ye trading Town of Kendal induced some of them to remove and others to place their Sons in Business there, till at length They were unable to support a Minister and The Dissendents from the Dissenters at Crook form a very considerable Part of Mr Rotherams Congregation

at Russendale (or Ravenstone=dale) They had two Ministers in the year 1715 & many Years after Their Division was owing to a Difference in Matters of religious Opinion, which produced a tedious & expensive Law-Suit concerning an Endowment left by Philip Lord Wharton. This Suit was determined by ye Lord Chancellor Hardwicke in favour of ye Revd Mr Ritchie who was reputed to be of Arminian Principles But He removed soon after into Cumberland; and for upwards of 20 Years The Russendale Congregation have been united. Mr Tetley is their present Minister a ~~Gentleman who bears a good character~~ and has about 300 Stated Hearers

The Congregation at Stainton is reduced very low by ye Decay of some Families & ye Removal of others Their Number does not exceede 30 or 40

The Number of Dissenters at Kendal is nearly ye same it has been for half a Century past viz about 200 respectable for their Character, Fortune and Regard to ye Interests of religious Liberty.
